

## **Update to AC8000/1 Manual**

- **New Board – Revision 5 Series F**
- **New Printer – Seiko**
- **New Software – P\_2A\_C00**

**Revision 5 F Series Board**  
**F in the Serial Number Identifies it!**  
**Software version P\_2A\_C00**  
**Started shipping 5/25/04 with Seiko printer.**

### **New Board Features:**

1. Additional memory has been added.
2. All critical information is stored in non-volatile memory.
3. The modem has been mounted on a removable daughter board, allowing for development of different communication ports for future applications.
4. A new printer (Seiko) is being used, that is mounted to the door for easier access and loading.

Fujitsu or  
Seiko  
Printer?
