

Update to AC8000/1 Manual

- **New Board – Revision 5 Series F**
- **New Printer – Seiko**
- **New Software – P_2A_C00**

Revision 5 F Series Board
F in the Serial Number Identifies it!
Software version P_2A_C00
Started shipping 5/25/04 with Seiko printer.

New Board Features:

1. Additional memory has been added.
2. All critical information is stored in non-volatile memory.
3. The modem has been mounted on a removable daughter board, allowing for development of different communication ports for future applications.
4. A new printer (Seiko) is being used, that is mounted to the door for easier access and loading.

Fujitsu or
Seiko
